Re: ContractorCheck Accreditation

Dear Anita,

Thank you for completing the ContractorCheck Assessment! We are pleased to inform you that on evaluating the information provided by you on the Questionnaire and additional documents, you have been awarded a ContractorCheck Certificate of Accreditation. This Certificate is valid until September 19, 2018, providing your ContractorCheck Membership remains current.

The Certificate of Accreditation has been granted pursuant to all information and supporting documentation provided being true, correct and complete. This Accreditation is applicable for work that is performed in the province of British Columbia, for the following work activities:

Ability to Subcontract

Groundwork (Foundation/Excavation/Trenching)

Drain, Sewers and Mains – Cleaning/Inspection/Flushing

Gas Fitter

Plumbing

Pumps Installation/Commissioning/Maintenance

Stormwater System Management

Backflow Prevention Devices – Testing and Repair

Potable Water System – Maintenance/Cleaning/Inspection

Continuation of the Accreditation is contingent upon the conditions under which the Certificate was issued being strictly maintained, and any change in key personnel, operating procedures, nature of business, or enforcement action associated with the work activities being notified to this office in writing.

As you know, your Accreditation is valid for one year, and is due for renewal on September 19, 2018. At that time we will ask you to review the Questionnaire responses you submitted to us the previous year, and let us know of any changes. We will re-assess you based on any new information, and make a renewal decision at that time. As in the initial Assessment, the re-assessment will consist of submitting sample documentation, such as meeting minutes, inspection forms, and updated policies and training records, that have been produced over the

Accreditation period in order to verify that your company has continued its due diligence and adherence to your health and safety program and OHS laws and regulations.

In order for the Accreditation renewal to take place, your ContractorCheck Membership must be current. Annual membership fees are due on July 27, 2018 to maintain your active Membership status, and to keep your Certificate of Accreditation in good standing, ensuring that you are visible to all clients on our Client Portal.

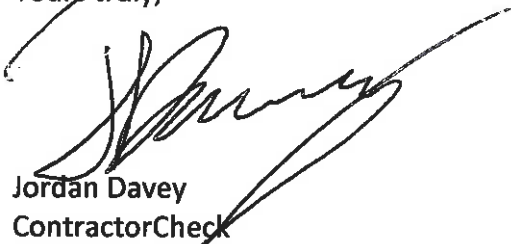

We will be contacting you 60 days prior to the expiration of your Accreditation to begin the renewal process.

Now that you are Accredited:

- Your name will be added to our accredited list of contractors on the ContractorCheck Client Portal. This list is viewable by all of our Clients, and is protected by a security password.
- A Certificate of Accreditation from ContractorCheck will be mailed to you within 2 business days.
- One "Accredited Member" sticker for your vehicle will be mailed with your Certificate. Please contact us if you require more.
- Remain subject to the Program Specification, Terms and Conditions for Contractors.
- The ContractorCheck Accreditation web logo is available upon request.

Thank you again for completing the Assessment! We hope we have given you enough information about the program and the benefits of being an Accredited Member here, but if you have any questions or would like any additional information, please feel free to call us! Our Membership Services Team can be reached at **1.855.640.6949**.

Yours truly,

Jordan Davey
